These writings are to those who have weeped
These writings are to those who haven't looked deeply
enough
Into the correct resolution

Wrong again but stronger now, we can face this
Fight life with life, fight life with life

All glory to the One in existence
Bring upon Your name, Your grace, Your everything
All glory to the One in existence
Bring upon Your name, Your grace, Your everything

Hold hands and stare into the circle
What are we looking at?

Rumors and rumors and rumors
Rumors and rumors and rumors
Assembly, disintegration
Rumors and rumors and rumors
Perish, perish, perish, perish

Tombstones serve as mirrors and the graves are
infinite
Take a look through the lens and through your eyes
End the partitioning

Wrong again but stronger now, we can face this
Fight life with life, fight life with life

Fight life with life, life
Enemies, we'll go for your throat
