What would it take for things to be quiet, quiet like the snow?

I know this isn't much but I know I could, I could be better

I don't think I deserve it, selflessness, find your way into my heart

All stars could be brighter, all hearts could be warmer

What would it take for things to be quiet, quiet like the snow?

Are we meant to be empty handed, I know I could, I could be better

I don't think I deserve it, selflessness, find your way into my heart

All stars could be brighter, all hearts could be warmer

What would it take? What would it take?

What would it take for things to be quiet?
