I like your hammer/made all of paper
you make me stammer/forget my manners
i like your hammer
i like your hammer/big as a small whale
more than a tall tale/you made it so real
i like your hammer

cool as love
hot as love
warm as feel
fed as meal
cool as love
hot as love
warm as meal
fed as feel

i like your hammer/you are the man oh yes
you make me better/you wear my feathers
i like your hammer
i like your hammer/you are the man oh yes
you make me better/you wear my feathers
i like your hammer

cool as love
hot as love
warm as feel
fed as meal
cool as love
hot as love
warm as meal
fed as feel

I like your hammer/made all of paper
you make me stammer/forget my manners
i like your hammer
