"Faraway Eyes"

Faraway eyes
Faraway dreams
Faraway schemes
Set out in stone
These are the rules for being alone

What happened to the time
When we came together?
We're knocking on the door so let us in

Faraway eyes
Faraway dreams
And faraway schemes

'Bout a year ago
Looked to the sky
Just saw lies
In the shivering cold
Love your soul
Dust-heaped bowl

What happened to the time
When we came together?
We're knocking on the door so let us in

Faraway eyes
Faraway skies
Turned to lies

What happened to the time
When we came together?
We're knocking on the door so let us in

Faraway eyes
Faraway dreams
Faraway schemes
