Ooooooh

Ooooooh, ooooooh, ooh, ooh, ooooooooh

Put my best foot forward

Trying to ignore the events of the day

Pacing back and forth

Slowly going nowhere

Running in place

And it looks like it's gonna rain again

Ohhh another four letter word

Never gonna be the same again

Ohhh another four letter word

Ooooooh

Ooooooh, ooooooh, ooh, ooh, ooooooooh

Ooooooh, ooooooh, ooh, ooh, ooooooooh

Staring out my window

Look down at the street below

Children at play

Round and round and round it goes

Where it stops no one knows

Their faces seem to say

That it looks like it's gonna rain again

Ohhh another four letter word

Never gonna fall in love again

Ohhh another four letter word

Love is a four letter word

That should never be heard

Love is a four letter word

A four letter word

Yeah

L is for leaving

O is for on time

V is for the voices warning me I'll lose my mind

E is for the ending

The unhappy ending of the four letter word

And it looks like it's gonna rain again
Ohhh another four letter word
I never want to see your face again
Ohhh another four letter word
Ooooooh
Ooooooh, ooooooh, ooh, ooh, ooooooooh
Ooooooh, ooooooh, ooh, ooh, ooooooooh
Yeah

Never gonna fall in love again
Never wanna to see your face again
Never gonna fall in love again
I never wanna see your face again
