You said your peace  
It's killing me  
I can't believe it's over

you're not the enemy  
but underneath  
you don't agree  
take comfort that it's over

your hands tied  
you fell shy  
believe I'm on your side  
now and forever

Jealousy won't get you anything that you lost  
Jealousy, it will never be what it was  
Jealousy, now I'm afraid of what I've become  
Jealousy, it feels like everything's come undone

you're not the enemy  
but underneath  
you don't agree  
take comfort that it's over

there's an urgency  
a dire need  
for the remedy  
take comfort that it's over

Jealousy won't get you anything that you lost  
Jealousy, it will never be what it was  
Jealousy, now I'm afraid of what I've become  
Jealousy, it feels like everything's come undone

No matter what the price, they can't take me  
No matter what the price, they can't take me  
No matter what the price, they can't take me  
No matter what the price, they can't take me

No matter what the price, they can't take me
