that's where I'll be
where the girls are
that's where I'll be

could I give it to your sister
girl I love you like no other
ill be your mistress, be your mistress
girl, I'll give it to your mother

when I'm right, I say I'm right
If I'm wrong, please tell me I'm wrong
come on home with me tonight
let me love you all night long

could I give it to your sister
girl I love you like no other
ill be your mistress, be your mistress
girl, I'll give it to your mother

when I'm right, I say I'm right
If I'm wrong, please tell me I'm wrong
come on home with me tonight
let me love you all night long

could I give it to your sister
girl I love you like no other
ill be your mistress, be your mistress
girl, I'll give it to your mother

when I'm right, I say I'm right
If I'm wrong, please tell me I'm wrong
come on home with me tonight
let me love you all night long
