Head underwater

Keeps getting hotter

Give 'em your medicine

[Fame] injection

Tell them to jump higher

Tell 'em to run farther

Make 'em measure up

Decades longer than you

[Piece] it together

It's like weather

Watch him travel

Kiss the gravel

Tell him to jump higher

Tell him to run farther

Make him measure up

Ten times longer than you

Ever should, you never could

explain them to me, explain them to me
