yeah)

I never said nothing

I never said nothing

I never said nothing

I never said nothing

You don't know where you heard it

Don't know who's spreadin' it 'round

All I know is I'm clean as a whistle baby

I didn't utter a sound

I never said nothing

I never said nothing

I never said nothing

I never said nothing

You don't know what they told you

Don't even care what about

All I know is I'm clean as a whistle baby

I didn't let that cat out

So don't look at me sideways

Don't even look me straight on

And don't look at my hands in my pockets, baby

I ain't done anything wrong

I never said nothing

No baby, I never said nothing

I never said nothing

I never said nothing
