I know that it was the night  
The war broke out because  
You and I were driving around  
You were doing a story  
About if people understood  
What had happened to their world  
Tonight  
In bed  
Sleeping  
The world tonight  
In bed  
Asleep  
You said that you were in touch  
With the draft resistors  
In case the big boys call you up  
You're gonna have to let 'em  
Dick you around  
But don't let 'em make  
You do  
What you can't live with  
Tonight

In bed

With you

Sleeping

You looked like you were just a little kid

Shane, I said, you've got to watch your ass

You've gotta have fear in your heart (x 8)

Fear in your heart
