I'm writing you for the hundredth time cuz ninety nine I  
threw away  
And in my mind a thousand times I've said everything I  
wanna say  
I've said everything I wanna say

But you find a way to keep me hanging on  
You find a way to make everything go wrong  
It's the way you lose me  
Say you choose me  
Then pass me by like you never knew me  
You find a way to lead me on

I change my mind a thousand times but circumstances  
stay the same  
I told you no an hour ago  
I've said everything I wanna say  
I've said everything I need to say

But you find a way to keep me hanging on  
You find a way to make everything go wrong  
It's the way you lose me  
Say you choose me  
Then pass me by like you never knew me  
Til I find a way of moving on

And when I think I've figured out  
I've found a way to live without  
You come around and everything's all wrong  
I'm waking up alone at night remembering when the  
time was right  
You're only here a moment then you're gone

You find a way to keep me hanging on  
You find a way to make everything go wrong  
It's the way you lose me  
Say you choose me  
Then pass me by like you never knew me  
You find a way to lead me on

Til I find a way of moving on

You find a way you lead me on  
I'll find a way  
I'm movin on
