[title: "I Don't Know How to Put This....But I'm Kind of a Big Deal"]

Make up lines and question marks
Her head's next to the doorway
She goes home
Ripe and ready
This scene is dead
She thinks she's smart
She's nothing but a throw back
She goes home
Right away

The make up on your pillow
A smear across your face
It's a tribute to your evening
Everyday's the same
Your looks can't save you now
The green is in your eyes
Jealousy is in the future
It's a long fall from the top

The dress you wear is so sincere
Hold on to your pride
I've got a breaking story baby
You're just old news
Go to it
Just stop
Take a clue
Cool off
Dance party massacre
Bang bang
Home town disaster
Bang bang

Sit back and watch this all unfold
It's a shame
Where to go from here
The only way is down
Fade in
Cue the lights

Enter from stage right
Lights
Camera
Action
Quiet on the set

You've dug yourself too deep
Watch it all fall away
Casting calls are taking place
A lead is needed
Cut scene
Cut scene
Fade out
