I know you want me with you  
There's four more on the way  
It must be the doorbell  
Your dreams just might come true

I know you want me with you  
Come on dear it's the fad  
It must be the doorbell  
Can't pay for memories like these

If you like one man  
You like the whole band  
We'll all share the same bed princess

You wanted it to be special  
Your foods safe we barely bathe  
We sleep in on Tuesdays  
Come on princess its time

Its time we found out for you  
Its time we all five of us  
Its time we found out for you  
All five of us here and now
