Never thought about all the ins and outs
We said forever vows baby can you do without
Can you do without me?
I know we've had our doubts, the sun is setting now
We said it's over cos baby I can't live without you
Can you live without
Can you live without
You and me and all degree and everything to make it
seem
Like you and me supposed to be the envy of most
everything
What's wrong?
What's wrong?
How come we never tried to see each other's side?
I was so wrong, baby everybody hurts
and you hurt me sometimes
how can i stitch it up
the scars, the wounds, the cuts
are we so broken and bruised that we can't feel the
love?
We can't feel the love
Love that started with
You and me and our degree

and everything to me is seemed
Like you and me supposed to be the envy of most
everything
Now you and me and our degree
and everything to make it seem
Like you and me supposed to be the envy of most
everything
So.. what's wrong?
What's going on?
Baby
Could we ever let the melody we made together
Could we ever let the melody we made together
Could we ever let the melody we made together
Get so far from where we started lover
You and me and our degree
And everything to make it seem
Like you and me supposed to be the envy of most

everything
Now you and me and our degree
And everything to make it seem
Like you and me, we're supposed to be the envy of
most everything
So.. what's wrong?
What's wrong?
What's wrong?
What's wrong?
