

## Graduate, The "Alchemy"

All along  
Been picking up the pieces that I've  
Broken  
Now I stay asleep because  
It's all wearing me out

A shift so small  
And everything is crumbling  
My heart  
Petrified in front of me  
It's all wearing me out

So help me  
I don't know if I'm a man or a machine  
Come on and help me  
Because I just don't feel anything  
I'm always breaking  
I'm not the man I wanted to be

Time won't wait  
My past is catching up with me  
Realized  
With sweet and simple alchemy  
No more surprises

Always the same excuse  
What more could I lose

Help me  
I don't know if I'm a man or a machine  
Come on and help me  
Because I just don't feel anything

Always the same excuse  
Pushing the pulp right on through

Always the same excuse  
It's not my place to choose  
What more could I lose

So help me

I don't know if I'm a man or a machine  
Come on and help me  
Because I just feel anything  
I'm always breaking  
I'm not the man I wanted to be
