Don't shut me out
I don't want to live inside your lost and found
You spin a story with every other word you say
Another lie convincing me to stay
You only listen to my stare
Until I'm crushed beyond repair

So do you care enough to hold on
It's been so long
You'll be pulling on the strings til I'm undone
All at once
Don't cut me off
Until you help me find a way to live with the loss

You've got me wound up too tight
Don't catch on til it's too late
Keep me moving like a moth to flame
Zoom by you at first sight
Every time I try to get away
Something new's convincing me to stay

So do you care enough to hold on
It's been so long
You'll be pulling on the strings til I'm undone
All at once
Don't cut me off
Until you help me find a way to live with the loss

Could I have changed it
What more could I have sacrificed
There's always something to say
Stop me before I go to waste
Play with my love
Rip it up till I say enough

So do you care enough to hold on
It's been so long
You'll be pulling on the strings til I'm undone
All at once
Don't cut me off
Until you help me find a way to live with the loss
