It's just another lonely night that I can't sleep  
You know it's scary  
How much I need you lying next to me  
I've dug a hole that I can't seem to climb out from  
So much to carry but I won't stop until I know it's done  
And it was harder than I ever expected  
Although I seemed so calm and collected  
I think I'm still recovering  
Trying to find a way to just stop digging

Out of control, I'm getting closer  
To the end of the road  
I know that I'm going where I'm not supposed to go  
I don't care what they say anymore  
Out of control, I'm getting closer  
Nothing to hold  
I know I'm going where I'm not supposed to go  
I don't care what they say anymore

Here comes another lonely night that I can't sleep  
You know it's scary to think  
How much you know about me  
Sometimes I think we're making terrible mistakes  
Are we just working our way up to another heartbreak  
And it was harder than I ever expected  
Although I seemed so calm and collected  
I think I'm still recovering  
Trying to find a way just to stop digging

Out of control, I'm getting closer  
And down the road  
I know I'm going where I'm not supposed to go  
I don't care what they say anymore  
Out of control, I'm getting closer  
Nothing to hold  
I know I'm going where I'm not supposed to go  
I don't care what they say anymore

It's getting late, still awake  
I have been waiting for you  
I have been waiting for you

Show me the way  
We can escape  
And I'll be waiting for you  
We've got nothing to lose tonight

Out of control, I'm getting closer  
And down the road  
I know I'm going where I'm not supposed to go  
I don't care what they say anymore  
Out of control, I'm getting closer  
Nothing to hold  
I know I'm going where I'm not supposed to go  
I don't care what they say anymore
