I lost control, careening all directions  
I just don't know where to go  
Come turn me on  
There's light inside me somewhere  
I just don't know where to go  
Sold out of state and out of mind

I'm still lonely with you  
Still only hanging on  
Time is passing by  
And nothing seems to change my mind  
I'm still lonely with you

Play by the rules  
And all you do is lose  
Just don't know where to go  
I'm not convinced  
Cold is slowly building thicker skin  
Today I'm taking back my loneliness  
So move me slow  
Even though I'm only halfway there

I'm still lonely with you  
Still only hanging on  
Time is passing by  
And nothing seems to change my mind  
I'm still lonely with you  
Still only hanging on  
Time is passing by  
And nothing seems to change

Don't waste my time  
Everything you do  
Has got me out of state and out of mind  
If you'd only let me through  
I will meet you on the other side  
I lost control, careening all directions  
Just don't know where to go

I'm still lonely with you  
Still only hanging on

Time is passing by  
And nothing seems to change my mind  
I'm still lonely with you  
Still only hanging on  
Time is passing by  
And nothing seems to change
