

Graduate, The "Make Believe"

Visit "[Make Believe](#)" on MotoLyrics.com

You can say anything you like
No one's listening
You can fool everyone outright
No one's paying attention

So long but how can you lose
When nobody tells the truth
They're talking through their teeth
All make believe

Our heads are spinning around
We don't like it underneath the ground
Our heads are spinning around
No one's dancing
No one hears a sound

Late night and we're feeling bad
Only feeling with our hands
We catch up with the wakin' world
All make believe

Our heads are spinning around
We don't like it underneath the ground
Our heads are spinning around
No one's dancing
No one hears a sound

Our heads are spinning around
We don't like it underneath the ground
Our heads are spinning around
No one's dancing
No one hears a sound

We don't like it underneath the ground

Our heads are spinning around
We don't like it underneath the ground
Our heads are spinning around
No one's dancing
No one hears a sound

Our heads are spinning around
We don't like it underneath the ground
Our heads are spinning around
No one's dancing
No one hears a sound

We don't like it underneath the ground
