Any day now
I'm passed out, looking back
While I'm waiting for the storm to pass
I'm a shipwreck
Stranded on a rocky coast
Are you ever gonna let me go
It's not what I want

So speak honestly
Give me something to believe
I'm already here so I'll stay
I'm all yours until they put me in my grave

Thoughts are strange
So I try not to think out loud
Fabrications turning me around
But truth was more than I could speculate
The one thing always missing comes too late
It's not what I want
Still I could never leave

So speak honestly
Give me something to believe
I'm already here so I'll stay
I'm all yours until they put me in my grave

Shadows swallowed in the night
And my heart is working overtime
Sirens calling out my name
Curious and dull, I'm easy pray
It's not what I want
Your lies are showing me follies of youth
No one loves you like I do
I'm already here so I'll stay
I'm all yours until they put me in my grave
I'm all yours until they put me in my grave
