We've got to make it to next summer
You've got so much to lose, but I don't
I swear I'll take you where the bright lights
Will shine on, shine on the perfect crowd
I know you'll stick it out with me now

Is it too late
We don't want you to get older
And tell them what you would have done
If you were us
I don't think you've got the guts
I don't think you've got it in you
You ain't got it, you ain't got it, no

Now I know you don't think we can go but
I've seen the bright lights shine on
Less deserving men before
So let's just drink, sit and sink
You've got so much to lose, but I don't

Is it too late now
Has time run out
You haven't seen the bright lights shine on
Is it too late now
Has time run out
You haven't seen the bright lights shine on

We don't want you to get older
And tell them what you would have done
If you were us
I don't think you've got the guts
I don't think you've got it in you
You ain't got it, you ain't got it
You ain't got it
We don't want you to get older and
(Let's just drink)
And tell them what you would have done
(Sit and sink)
If you were us
(You've got so much to lose, but I don't)
I don't think you've got the guts

(Let's just drink)
I don't think you've got it in you
(Sit and sink)
You ain't got it, you ain't got it, no
(You've got so much to lose, but I don't)

Let's just drink, sit and sink
You've got so much to lose, but I don't
