You better watch your mouth
When heavy words fall out
The weight could plant my feet to the ground
Now I'm so desperate, I'm so desperate
She takes a train ride
Oh yeah, she's still got her pride
I can see you seething on his bedside

Are you coming down?
Are you coming down?
Well, the names and faces change
But the problems stay the same
Are you coming down?

I'm so desperate, oh
But you've got to make something work
It's a shame to be unsure
You can bet I'll break my neck for you still

Are you coming down?
Oh, are you coming down?
Well, the names and faces change
But the problems stay the same
Are you coming down?
Alright

Are you coming down?
Are you coming down?
Hey, but the names and faces change
But the problems stay the same
Are you coming down?

You better watch your mouth
When heavy words fall out
The weight could plant my feet to the ground
