If you had a chance to leave  
And take some time without me  
How far would you go?  
How long until you'd know?

I'll be waiting patiently  
For your heart and body  
All the things we'd love to be  
And you'll stay with me

Let's take a walk on Saturday  
Let's find a place to get away  
We don't get down in front  
We never get what we want  
Show me something new  
Tell me what to do  
We don't get down in front  
We never get what we want

Lay down right now, let's go around  
Who claims defeat  
It's never hard for me  
You're impossible to beat  
I must have been so, so, I don't know  
Confused or scared to share me  
Surround yourself  
Surround, surround, surround yourself in me

Oh yeah, on our walk on Saturday  
You said you might not stay, hey  
If you had a chance to see  
How your life would look with love for someone  
constantly  
Would it still be me

Lay down right now, let's go around  
Who claims defeat  
It's never hard for me  
You're impossible to beat  
I must have been so, so, I don't know  
Confused or scared to share me

Surround yourself  
Surround, surround, surround  
I must have been so, so, I don't know  
Confused or scared to share me  
Surround yourself  
Surround, surround, surround yourself in me
