Hey, we've got a lot we'd like to say
So before we go
We're gonna take a few of you
And show you love, yeah
Let's make some memories tonight
A fire that excites a flame that won't ignite
Imagine me and you tossing back a few
Now glasses up and heads down
Just a bit to make our elders proud
Let's drink to our dream but
God damn, it's great to be alive

Get down with us in the breakdown
Get up with us in the back room
Get down with us in the breakdown
Get down with us in the breakdown
Get up with us in the back room
Get up with us in the back room
Let's drink to our dream but
God damn, it's great to be alive

Hey, we've got a lot we'd like to say
So before we go
We're gonna take a few of you
And show you love
Hey, if these were our last days
We'd think about tonight
And we could smile and say
(Smile and say)
It's your last love
