I got bad news and the blood's all boiled up  
They're lining up in rows  
It's a cold night, should've stayed inside  
You're better off alone

It's all wrong  
No one, no one's gonna take you away

Can't love anybody  
Can't love anyone but you  
Can't love anybody  
I know someday that you will want me too

Stop running around, stop running around  
I don't think you're strong enough to leave  
Stop running around, stop running around  
You belong to me

It's not bad luck, it's a ruse, you cheated me  
My reason comes undone  
We made the headlines  
"An Acid Bath for Love"

It's all wrong  
I can't believe the fiend that I've become

Can't love anybody  
Can't love anyone but you  
Can't love anybody  
I know someday that you will want me too

Stop running around, stop running around  
I don't think you're strong enough to leave  
Stop running around, stop running around  
You belong to me

Linda, I'll wait  
All my life  
I put the fear of death inside your heart  
Before I make  
You my wife

I'll put the fear of death inside...

Can't love anybody  
Can't love anyone but you  
Can't love anybody  
I know someday that you will want me too

Stop running around, stop running around  
I don't think you're strong enough to leave  
Stop running around, stop running around  
You belong to me
