Baby love me now that you are born
Oh! Baby!

Baby in your cradle look at me
Baby speak in rhythms now you're three
Ride your German Shepherd 'till you're five
Baby think the TV is alive
Baby spend the night out you're thirteen
Bending for a wish your candles leaned
Baby bang erasers and wash the board,
Think just yesterday you wore a sword
Watch your new years evening wash away
You're on the floor, can you hear me troubadour?

Alvin row tangled in your broken kite
It's hard to be Ben Franklin but,
Try staying against the light
Old clapper you can step inside
Accustomed to the rust your silver child
Alvin Row, we're glad to see that you can't fake it
White corn grow on every side
But you can't take it, the yellow wardrobes suits you
fine
Alvin all these visions smile
Let them do your makeup I know

Alvin Row, half of them are on your side
The other figments all are being completely unselfish
And all behind the right man here
My mind is not unkind it's just not open
Alvin Row, I watched the mime cryin' his winches
Brown black bag, we'll let you be until you'll fade
Now fade, now fade,
Now fade, now...
Tired of reaching for the lampshade
Baby reading, baby love me
Ruuuuuuuun! Ruuuuuuuuun!
Ruuuuuuuun! Ruuuuuuuuun!
Ruuuuuuuun! Ruuuuuuuuun!
Ruuuuuuuun! Ruuuuuuuuun!

I told the baker's daughter that I didn't want the water
She only likes it when I beg, so I expect she's waiting
I told the baker's daughter that I didn't want their water
She only likes it when I beg, so I expect she's waiting
Row, Alvin Row, Alvin Row, Alvin Row, Row Alvin

I remember the day that I walked away from this empty
flight
Cause the demons are really the ones when there's
nothing on
Would slip by when I'm silent I have to let so many
people down
But the bell from the ice cream man comes to save the
day

The winter comes we do not wander, I belong
The chocolate shakes, the sun awakes, I play ping pong
The autumn clouds distort and crowd the petal lawn
I pulled the glass it dripped too fast for second dawn

Since we passed through the maze as we unlock the
stage of my other ride
I remember the shining, the spot on the day she played
Though I never knew Moses I know many noses with
thoughts like me
Take a drive to the Jacksonville pharmacy and pretend

But a new apartment and a heart don't make me old
This is spinal rage and lit a page and I've been told
But I'm walking on a wire with eight other eyes
Be sure to play the best of you eight other sides

I'll stay shy, you stay shy
Dear Alvin
I'll say bye, you say bye
Dear Alvin
I'll say go, you say go
Dear Alvin
I'll sing Row, you sing Row
Dear Alvin
I'll stay shy, you stay shy
Dear Alvin
I'll say bye, you say bye
Dear Alvin
I'll say go, you say go
Dear Alvin
I'll sing Row, you sing Row
Dear Alvin
I'll say go, you say go
Dear Alvin
