I really want to do just what my body wants to do
I really want to do just what my body needs to do
I really want to show to my girl that I want her
I really want to show to my girl that I need her

I really want to do just what my body wants to do
I really want to do just what my body needs to do
I really want to show to my girl that I want her
I really want to show to my girl that I need her

Need her
I need Her

I want to do just what my body needs to
I want to do just what my body needs to
I want to show to my girl that I need her
I want to show to my girl that I need her

So I used my mind
And I used my hand
It was what I want to do

What I want to do

Avey Tare's Part (background)

If I could just hold all the thoughts in my head and just
keep them for you
If I could just purge all the urges that I have and keep
them for you
If I could just hold all the thoughts in my head and just
keep them for you

If I could just purge all the urges that I have and keep
them for you
If I could just hold all the thoughts in my head and just
keep them for you
(I'd keep it locked up just for you right now)
If I could just purge all the urges that I have and keep
them for you
(I'd keep it locked up just for you right now)

If I could just hold all the thoughts in my head and just
keep them for you

I need her

If I could just hold all the thoughts in my head and just
keep them for you

If I could just purge all the urges that I have and keep
them for you

(I'd keep it locked up just for you right now)

If I could just hold all the thoughts in my head and just
keep them for you

I really don't know what to do if my body should want to
