You ignore me then you adore me
When I think I'm losing faith you restore me
You accuse me then excuse me
Is everything you do meant to confuse me?

It's all right, it's all right
One kiss and I feel all right
It's all right, it's all right
One touch and I feel all right

You criticize and you flatter
I pledge my love to you but it doesn't matter
You're such a bad bad girl
Who thinks she owns this world

You kick and you scream
You never fight clean
You bring me to my knees
Every time I try to leave

It's all right, it's all right
One kiss and I feel all right
It's all right, it's all right
One touch and I feel all right

When I saw the light
Shining from you
I was totally blinded
Just a shameless fool

You're such a bad bad girl
Who thinks she owns this world
You kick and you scream
You never fight clean

You bring me to my knees
Every time I try to leave

It's all right, it's all right
One kiss and I feel all right
It's all right, it's all right
One touch and I feel all right
