i got the blues from my baby down by the san francisco bay  
an oceanliner took him so far away  
well i didn't mean to treat him so bad  
y'know he was the best friend that i've ever had  
y'know when he said goodbye  
likely to make me cry  
and i've got to lay down and die  
oh, and i ain't got a nickle and i ain't got a lousy dime  
and if he don't come back  
i guess i've got to lose my mind  
i guess i'm gonna lose my mind  
and if he ever comes back to stay  
it's got to be another brand new day  
when i go walking with my baby  
down by, the san francisco bay

meanwhile somewhere in some other city  
oh boy, i'm just about to go out of my brain  
and y'know why?  
because i thought i heard my baby call me  
the way he used to call my name  
and if he ever comes back to stay  
it's got to be another brand new day  
when i go walking with my baby...  
talkin' to my baby...  
singin' to my baby...  
oh yeah and a clingin' to my baby  
when i go walkin' with my baby  
down by the san francisco bay
