Somewhere there's speaking

It's already coming in

Oh and it's rising at the back of your mind

You never could get it

Unless you were fed it

Now you're here and you don't know why

But under skinned knees and the skid marks

Past the places where you used to learn

You howl and listen

Listen and wait for the

Echoes of angels who won't return

Chorus

He's everything you want

He's everything you need

He's everything inside of you

That you wish you could be

He says all the right things

At exactly the right time

But he means nothing to you

And you don't know why

You're waiting for someone

To put you together

You're waiting for someone to push you away

There's always another wound to discover

There's always something more you wish he'd say

Chorus

But you'll just tight

And watch it unwind

It's only what you're asking for

And you'll be just fine

With all of your time

It's only what you're waiting for

Out of the island

Into the highway

Past the places where you might have turned

You never did notice

But you still hide away

The anger of angels who won't return

Chorus

I am everything you want

I am everything you need

I am everything inside of you

That you wish you could be

I say all the right things

At exactly the right time

But I mean nothing to you and I don't know why

And I don't know why

Why

I don't know
