For so long my life's been sewn up tight inside your  
hold

And it leaves me there without a place to call my own

I know now what shadows can see

There's no point in running 'less you run with me

It's half the distance through the open door

Before you cut me down

Again

Let me introduce you to the end

And I feel the cold wind blowing beneath my wings

It always leads me back to suffering

But I will soar until the wind whips me down

Leaves me beaten on unholy ground again

So tired now of paying my dues

I start out strong but then I always lose

It's half the distance before you leave me behind

It's such a waste of time

Chorus

'Cause my shackles

You won't be

And my rapture

You won't believe  
And deep inside you will bleed for me  
So here I slave inside of a broken dream  
Forever holding on to splitting seams  
So take your piece and leave me alone to die  
I don't need you to keep my faith alive  
I know now what trouble can be  
And why it follows me so easily  
It's half the distance through the open door  
Before you shut me down  
Again  
Let me introduce you to the end  
Chorus  
Though you know you care  
Chorus  
And my laughter  
You won't hear  
The faster  
I disappear  
And time will burn your eyes to tears
