[Solo and Jane Tyrrell singing together] I got the
strangest I got the strangest I got the strangest feeling
Somewhere underneath We found a place with no rules
to break In a Technicolor dream Counting sheep but I'm
wide awake Looking round the room for proof I plot the
grain inside the wood It's a lie that feels like truth
Cheap paint and lino never looked so good Lost in this
maze, stay here for days Wonder if we'll ever touch
down I'm outa place, in foreign space Wonder if we'll
ever touch down [Jane] My face stuck on smile [Solo]
Stay down here a while [Jane] Please don't touch that
dial [Both] We can unwind and just be free [Jane] Just
sink into the couch [Solo] No time for thinking bout
[Jane] So I'll do without [Both] I don't mind, that's fine
with me But I'ma spark up a thought off every surface
in this room and just sit back and watch it all ablaze I
know I've strayed off my course and I'll have to leave
here soon But for now won't you leave me in my haze
Just leave me in my haze [Solo - rap verse] I think pigs
might fly, either that or my or my eyes telling me white
lies Thug life on the bathroom wall The 1-up got me
watching the wallpaper crawl Now the storm clouds
gather and we at it again Feels so real to me that I
don't have to pretend And when my head finally did
come back together I was still the same but changed
forever, it's like [Jane and Solo singing] If these walls
could talk They might explain the wear and tear But it's
the same now as before There's nothing left of what
happened here Lost in this maze, stay here for days
Wonder if we'll ever touch down I'm outa place, in
foreign space Wonder if we'll ever touch down Lost in
this maze, stay here for days Wonder if we'll ever
touch down I'm outa place, in foreign space Wonder if
we'll ever touch down [Jane] My face stuck on smile
[Solo] Stay down here a while [Jane] Please don't touch
that dial [Both] We can unwind and just be free [Jane]
Just sink into the couch [Solo] No time for thinking bout
[Jane] So I'll do without [Both] I don't mind, that's fine
with me But I'ma spark up a thought off every surface
in this room and just sit back and watch it all ablaze I
know I've strayed off my course and I'll have to leave

here soon But for now won't you leave me in my haze
Just leave me in my haze Some say too much of a good
thing But to me there's no such thing I just, just have to
let this thing be good to me So I'll be gone for a while
Hide and seek behind my smile But for now I'm not
around so don't look for me Don't look for me
