In the middle of the night
I got a feelin' I can't fight anymore
I hear the rain and I start to cry
And I remember when I used to see the light

When we were younger and in love
You were the last thing I felt certain of
Now you're gone but not the pain
Like a song without an end

And when I hear the rain
It sparks another flame
The tears will match the rain tonight
In the middle of the night
When it rains
In the middle of the night

You are my one recurring dream
And at first, I wake up so very happy
It makes my heart ache, it's so real
I got a feelin' that I'm not allowed to feel

The situations were arranged
With the vows that you exchanged
Years have passed, but not the pain

And when I hear the rain
I'll cry - I'm not ashamed
The tears will ease the pain tonight
In the middle of the night
Oh, it's rainin' - in the middle of the night
Oh, it gets so cold - in the middle of the night
Feel so lonely - in the middle of the night

I feel so lonely - Oh, I'm lonely - Then I remember
How the darkness came a-rainin' down on me

Now I just watch the rain
And I'll just keep on prayin'
That someday I will see - see the light
In the middle of the night

Oh, it's rainin' - in the middle of the night
Oh, it gets so cold - In the middle of the night

Feel so lonely - In the middle of the night
I need you - In the middle of the night
