"No Stone Unturned"

Playin' with matches
Usually catches
The one who strikes the match the most

Since I've been burned
I ain't gonna leave no stone unturned

My name ain't peat moss
I don't live in no glass house
And I ain't gonna play the host

Since I've been burned
I ain't gonna leave no stone unturned

Hard as one rock
Twice as cold
Three times the hurt
For which I been thrown

Since I've been burned
I ain't gonna leave no stone unturned
