Sometimes we have a restless soul  
Terrified that we won't reach our goal  
Desperate minds create anxiousness and fear  
Overwhelming gloom, like the end is near

I'm gonna listen to the voice that lives inside  
Of an open heart and an open mind  
Be gone with the trappings of self-destructive greed  
Replaced with harmony and mutual need  
The truth will absolve the innocent prey  
Let go and resolve - Let love rule the day

Resolution here's my resolution  
Resolution it's my resolution  
Learn to live as one  
Resolution

Some choose to focus  
On suffering and pain  
A wretched mind kills spirit, but his efforts are in vain  
Let go of your ego, listen to your brother  
Learn from what we've done  
This life has just begun

Can't change what has happened  
But I know there was a plan  
Everything I thought I lost  
I found life I understand

I learned to listen to the voice that lives in me  
Forgive your enemy, then you will be free  
Because the truth will absolve the innocent prey  
Let go and resolve - Let love rule the day

Refrain

I'm not afraid of the choice you've given me  
When the lightning strikes  
The blind will truly see  
Because the truth will absolve the innocent prey  
Let go and resolve - Let love rule the day
