She's a big girl
An out of school girl
Nine to fiver
Lady Godiver
Just young enough
To have her hot stuff
Old enough
To give it up
She doesn't cry for her momma
You know I'm never gonna make her cry

She doesn't cry for her momma
You know I'll never make her cry oh my
She doesn't cry for her momma
You know I'm never gonna make her cry

Ain't afraid to
Say she wants to
Ready willing
And fulfilling
Got the right way
To make me stay
Wise enough to
Say okay
She doesn't cry for her momma
You know I'm never gonna make her cry

She doesn't cry for her momma
You know I'll never make her cry oh my
She doesn't cry for her momma
You know I'm never gonna make her cry

Ain't no pleaser
She's just a teaser
Sho 'nuff got
That woman stuff
Never make her cry cry cry
