Don't forget me I won't let you
I know how you feel - I've seen it myself
It's only the sun in your eyes

It's time to move on And I'm with you
I'll show you my feelings - I won't let go
But if you will grow, I am willing

It's only the sun - Only the sun in your eyes
And I know what you're feeling
It's only the sun in your eyes
And I know what you're feeling
Never let anything hold you back
Let nothing take you back

Don't explain I'm feeling the same
Something's out there - I've been there before
It's only the sun in the distant skies
You're burning inside - Feel like you're on fire
Head outside, let the sun light the way

You gotta make a move - You'll surrender if you stay
Nothing to lose - Don't wait another day
It's only the sun - Only the sun in your eyes
And I know what you're feeling
It's only the sun, realize that I won't stop your leaving
Don't be surprised what you see - Soon realize It's not
me
Cause I never wanted to hold you back

You gotta make a move
You'll surrender if you stay
Nothing to lose - Don't wait another day

It's only the sun - Only the sun in your eyes
And I know what you're feeling
It's only the sun - Realize I always knew what you're
feeling
Taking everything that you see
Making your own world without me
We gotta let go

Let nothing take you back
