When you called I wasn't home
Your message didn't say
That you were all alone
You had a need on Father's Day

You said that it was Tuesday
You caught me by surprise
I didn't know that I need you
Little did I realize

How I'd feel about you
I'd be gone a long, long time
Would be years before I'd see you
And I'd nearly lose my mind
But you are so beautiful that I want it all again

Call me Tuesday - You're my reason and my song
Come back to me Tuesday - I will wait forever long
Born on a Tuesday - Your birthday is your name
I wish I'd known that from that day I'd never be the same

On a Tuesday, mid December
I met life and I had no clue
A day I'll always remember
I didn't know what to do

How many ways I tried
How many nights I cried
My feelings did not die
But I swear my hands were tied
But you are so beautiful that I'll take any pain

Call me Tuesday - You're my reason and my song
Monday's child needs his Tuesday
To save a life gone wrong
Come to me with what you need
Whatever's on your mind
Your life has helped this blind man see
We can work it out if we try

Call me Tuesday - For you I will be waiting
So long - I'm telling you I was wrong

Believe what I say is true
No matter what they're telling you
Singing's all I can do
I gotta make it up to you
For you are so beautiful that I'd do it all again

Call me Tuesday - You're my reason, You're my song
Come back to me Tuesday - To make a right from
wrong

Call me Tuesday - For you I will be waiting
So long - My love is never fading for you
Tuesday - I love you more than you know
Call me Tuesday - There's a candle in my window

I will wait forever long
