Pop culture, pop there went my brain  
One more shot like that could  
Blow the whole mainframe  
Too much worthless information inside my head

They gotcha coughin' every coined phrase  
This new gadgets got you amazed  
It's hard to find a thought though this haze  
I don't call it gain, I call it craze

Pop culture, stop before I lose my mind  
If I hear that song played one more time  
I'm gonna drop the box out  
A twelve story window

They gotcha coughin' every coined phrase  
This new gadgets got you amazed  
It's hard to find a thought though this haze  
I don't call it gain, I call it craze

How do I counter the culture  
Or bring back an attack  
When it's put a dent inside my brain  
With a complimentary Coca-Cola baseball bat?

How do I counter the culture  
Or bring back an attack  
When it's put a dent inside my brain  
With a complimentary Coca-Cola baseball bat?

Round 'em up, take a count of the heads  
Run us out and leave us for dead  
Now they wanna broadcast me on the airwaves  
We'll see

They gotcha coughin' every coined phrase  
This new gadgets got you amazed  
It's hard to find a thought though this haze  
I don't call it gain, I call it craze

How do I counter the culture  
Or bring back an attack

When it's put a dent inside my brain  
With a complimentary Coca-Cola baseball bat?

How do I counter the culture  
Or bring back an attack  
When it's put a dent inside my brain  
With a complimentary Coca-Cola baseball bat?

Ghetto box smash, ghetto box smash  
Ghetto box  
Ghetto box smash, ghetto box smash  
Ghetto box  
Ghetto box smash, ghetto box smash  
Ghetto box smash
