#### [INTRO]

Ooh

How could you forget me, Forget all about me

How could you forget me, Forget all about me

#### [VERSE 1]

Y'all remember me from back in the days

The wrestling' O.G. Randy Savage don't play

Been chillin' in da cut but I'm back on the scene

I'll still kick ya butt cuz I'm still real mean

I'm comin' wit da heat so don't try to stop me

Refuse to get beat so y'all can't top me

Still got the fury still got the fire

The best til' I retire cuz that's my desire

But now I flipped the script I'm rappin' on the mic

But don't get it twisted I'm always down to fight

Cuz it's in the blood to pass on the legacy

Macho Man from the school of hard knocks remember me

#### [CHORUS]

Remember Me I'm the same ol' Macho that I used to be

Ain't nuthin' gonna change so remember me la la la la

La La La La La La La La

Remember Me I'm the same ol' Macho that I used to be

I'm still the reining king so remember me

For those who forgot I still rock I still rock, remember me

#### [VERSE 2]

Bow down pay homage or the price you'll pay

I've been the king of the ring since back in the day

Beware I'm warnin' U to stay outta my way

Cuz I'll have ya runnin' scared like a castaway

The M's cuz I push it to the maximum

And the A's for the aura that they try to become

The C's for the champ 6 times I became

And the H is for honor I'm in the hall of fame

The O's for OHHH Yeah cuz I'm so outstanding

The M's for Macho I'm the last man standing

The A's for anytime anyplace we can go

And the N's for Notorious the one Macho, remember me

[CHORUS]

[VERSE 3]

Ya can't forget me the 6-time champion  
Some call me Randy some rather call me Macho Man  
Back in 88 I won the world title  
Controlled my own fate it was all about survival  
Remember Trump Plaza in Atlantic City  
That's where I took the belt and didn't take no pity  
Remember the Silverdome up in Motown  
93,000 strong I came to put it down  
Been gone for a minute but now Macho's back  
No time to be timid I ain't takin' no crap  
I was the bad boy of this whole wrestling game  
Ya haven't seen me for a while but y'all remember the name

[CHORUS 2X]

(So) Remember Me I'm the same ol' Macho that I used to be  
Ain't nuthin' gonna change so remember me la la la la  
La La La La La La La  
Remember Me I'm the same ol' Macho that I used to be  
I'm still the reining king so remember me  
For those who forgot I still rock I still rock  
Remember me

How could you forget me  
Forget all about me  
How could you forget me  
Forget all about me  
How could you forget me
