[INTRO]

Wow, I like this, a little hip-hop mixed with a little bit of
Rock n' Roll

I'm ready to do this right now (yeah yeah yeah)

Let's Rock Let's Rock Let's Roll Let's Roll

Let's Lose Control

[VERSE 1]

Let's get this party started y'all cuz I'm ready to rock

I got the crazy mad flows that'll rock ya block

It's the Macho Man who that wrestling dude

That's right ya betta clear the way I'm comin' through

I'm blowin' up the spot like some dynamite

You've seen me kick some butt now I'm rockin' da mic

I got the crowd crazy cuz they're feelin' the beat

You see I got mad flows that's why I'm hot on the
streets

You can't compete I got the girls wavin' their hands

Startin' to dance I'm bout to put em all in a trance

[PRE-CHORUS]

So Let's Rock Let's Rock Let's Roll Let's Roll

Let's Lose Control

[CHORUS]

Tear It Up Tear It Up

Tear It Up Tear It Up Let's Rock-N-Roll

Tear It Up Tear It Up

Come On Tear It Up I'm about ready to lose control

Tear It Up Tear It Up

Tear It Up Tear It Up Let's Rock-N-Roll

Tear It Up Tear It Up

Come On Tear It Up Come on everybody Let's Lose
Control

[VERSE 2]

You can't believe Macho Man's rockin' the crowd like
this

Pound this hit in the club now they're pumpin' their fists

Haters are pissed cuz I got the mic in my hand

Now I got rap and rock plus my wrestlin' fans

Cuz the style that I'm kickin' is far from ordinary
Kinda scary Macho's skills extraordinary
Now it's my music that's in ya system thumpin'
You know I'm guaranteed to keep the party jumpin'
In the ring and on stage I'm well respected
On top of my game plus I'm well connected
