One night I was walking real high
With the moon & the stars in the sky
I was waiting for you
My girls lookin' tight
& my boys lookin' fly
Lookin' fly
Lookin' fly
I won't stop
The dirty twinkle in your eye

It's hard to meet your style
Cuz I'm alright
The band was playin'
& I was stayin'
The band was playin'
& I was stayin'
For the rest of, the rest of the night.

Goin' too fast & slow it down
Diggin' too deep can't hold my ground
On your mark, get ready now
Take my hand and show me how

Goin' too fast & slow it down
Diggin' too deep can't hold my ground
On your mark get ready now
Take my hand and show me how

You'll get your kicks boy, sometimes
I take some lipsticks time off
i take some lipsticks time off
Ooo it's magic. It's magic.

It's magic, keep your high up
You reach but I just grab it
You speak but I can't stand it
I can't stand it
I can't stand it

Every time you walk away
In your head, now you hear
I know I could never stay

Wish you weren't standing here

Every time you walk away
In your head, now you hear
I know I could never stay
Wish you weren't standing here

Every time you walk away
In your head, now you hear
I know I could never stay
Wish you weren't standing here

Every time you walk away
In your head, now you hear
I know I could never stay
Wish you weren't standing here

Every time you walk away
In your head, now you hear
I know I could never stay
Wish you weren't standing here

Every time you walk away
In your head, now you hear
I know I could never stay
Wish you weren't standing here

Every time you walk away
In your head, now you hear
I know I could never stay
Wish you weren't standing here

Every time you walk away

You reach but I just grab it
You speak but I can't stand it
Uh, I can't stand it
I can't stand it

Every time you walk away
In your head, now you hear
I know I could never stay
Wish you weren't standing here

Every time you walk away
In your head, now you hear
