Well, it's that dirty stylee wicked and wily
Come to my place you know we get irie
Give me shit I ain't taking none
Been up two days know I'm on the run
I live my life by the setting sun
Got one more smoke and a broken lung

Just got a deal and I'm feeling great
Here's the E-I-G-H-T, oh, eight
I haven't slept in days I'm stuck in my old ways
I think this binge will be the end of me but I can't say
You're hostile to me it's possibly
The worst thing that you came to believe
'Cause I'll be my self right down to my hair

My eyes are open wide until the morning light
The sun is coming up and I don't even care
I'm so delirious so if your hearing us
Just keep it going throw your hands up in the air

It's that hip hop dude with the reggae style
Bringing hip hop grooves to the reggae child
I tried one drop but I broke the vile
Now I'm running all around I'm going wild

I'm so fucked up I'm seeing things
Got thirty Dirty J's surrounding me
Slick Rick, DJ Quick, and Easy E
And the B-E-A-S-T-I-E

Oh no, rock with it slow
Roll with the rhythm and let your body go
It's time to release your mind
And believe that inside you are free
You'll definitely rest in peace if you do not believe

My eyes are open wide until the morning light
The sun is coming up and I don't even care
I'm so delirious so if yer hearing us
Just keep it going throw your hands up in the air

Give me another night until the morning light

The moon is fading out and I don't even care
You can't be serious I can't be serious
Just keep it going throw your hands up in the air

The sun comes up and the moon goes down
And I'm still up on my feet
With my eyes wide shut, and I'm all messed up
And I haven't slept a wink

Fuck work, fuck school, fuck you
'Cause I don't care what you think
When the sun comes up and the moon goes down
And I'm still up on my feet

Still up on my feet and no ones listening to me
And I can't let myself go 'cause everyone else is asleep
Still up on my feet and no one's listening to me
And I can't let myself go 'cause everyone else is asleep

My eyes are open wide until the morning light
The sun is coming up and I don't even care
I'm so delirious so if yer hearing us
Just keep it going throw your hands up in the air

Give me another night until the morning light
The moon is fading out and I don't even care
You can't be serious I can't be serious
Just keep it going throw your hands up in the air
