Tad of a minor threat, born out of a sunset,
been holding the mic for many years and still don't
have any guns yet,
anyone havin' fun yet, my heart beats like a drum set,
take a look up in the sky and feel the heat that's where
I'm from yes,
take a look around when we startin' the sound,
we're like a public toilet seat man you don't wanna sit
down,
and if you come to be yourself original then let it shine,
and if your friends are friends of love then all your
friends are friends of mine.

If you come to be yourself original let it shine.
If all your friends are friends of love then they're all
friends of mine.
If you come to be yourself original let it shine.
If your friends are friends of love then we're all friends.

Let it shine [3x]
Why don't ya let yourself,
when ya need yourself,
why don't ya let yourself shine,
just let yourself shine, just let it...

Well original, we can flow, we test the waters,
deep or low, temperature set to explode,
never stop until it's gone, through the fire through the
cold,
over mountains down the road, cities come and cities
go,
movin' individuals.
Well if you seen us then you know we ain't tryin' to be
no one,
we just dirty headed kids from the city of the sun,
and I wish that we could stay but it's time for us to
shine,
if your friends are friends of love then your friends are
friends.....

If you come to be yourself original let it shine.
If all your friends are friends of love then they're all

friends of mine.
If you come to be yourself original let it shine.
If your friends are friends of love then we're all friends.

Let it shine [3x]

Why don't ya let yourself, when ya need yourself,
why don't ya let yourself shine, why don't ya let
yourself....

Why don't ya let yourself shine, why don't ya let
yourself....

When ya need yourself, why don't ya let yourself shine

Let yourself shine [3x]
