Say whatchu say or just sail away
She can't stand me, but I miss her face
I feel like drowning but the tide's too low
And now I'm waiting for the undertow

So I stand tall, it gets a little better
I see the wall that we can break down together
Stand strong, it gets a little better now
We can break it down, yes, we can break it

Stand tall, it gets a little better
I see the wall that we can break down together
Stand strong, it gets a little better now
We can break it down, yes, we can break it
Yes, we can break it down, we can break

Well, I can only take so much
The pressure may come to pressure us
Oh, they came to watch us fall
Oh yes, they came to watch us fall
We will rise up against them all

So I stand tall, it gets a little better
I see the wall that we can break down together
Stand strong, it gets a little better now
We can break it down, yes, we can break it

Stand tall, it gets a little better
I see the wall that we can break down together
Stand strong, it gets a little better now
We can break it down, yes, we can break it
Yes, we can break it down, we can break

Pardon me, you're far [Incomprehensible]
I'm gonna sing my song, I'm gonna sing it proud
No one's gonna bring me down
I'm gonna stand up strong, gonna hold my ground

Tell me what are we fighting for?
Just to do we done before
Tell me what are we fighting for?

Pardon me, you're far [Incomprehensible]
I'm gonna sing my song, I'm gonna sing it proud
No one's gonna bring me down
I'm gonna stand all strong and gonna hold my ground

Tell me what are we fighting for?
Just to do we done before
Tell me what are we fighting for?

Stand tall, it gets a little better
I see the wall that we can break down together
Stand strong, it gets a little better now
We can break it down, yes, we can break it

Stand tall, it gets a little better
I see the wall that we can break down together
Stand strong, it gets a little better now

We can break it down, yes, we can break it
Yes, we can break it down, we can break
We can break it down, yes, we can break it
Yes, we can break it down, we can break

Stand tall, it gets a little better
I see the wall that we can break down together
Stand strong, it gets a little better now
We can break it down, yes, we can break it
Yes, we can break it down, we can break
