I like the smell of that shot
I like the way it serves me
I like the pigment in your skin
I like the way it moves me
I like kids when they're asleep
Their little arms around you
I like the way we play games
Don't lose that skin feeling

[CHORUS:

I'm looking old, I'm feeling young
It's the truth , my child
My second life has just begun
with this ____ girl]
I like black and I like red
I like that orange circle
I like the things that you said
When you were misbehaving
I like the people on TV
But no one looks like me
I love you and you love me
Don't lose that skin feeling

[CHORUS]

I love the pigment in your skin

I love the way it moves me

I like the smell of that shot

I like the way it serves me

I like the things that you said

When you were misbehaving

I love you and you love me

Don't lose that skin feeling

It's the truth my child

Let me hold you now
