Ohâ€¦oo oo  
I don't understand  
This should be so easy  
To just reach 'out' my hand  
And know the world is free  
But nothing's, as it seems Boy  
I can tell you freely  
Touching's not the only way to feel

(Chorus:)  
When the rain falls  
It's like heaven's crying  
When the name's all  
The difference that there is  
Cause tears are  
The same when they are trying to grow something  
good  
Out of all the pain  
There's no difference between the teardrops and the  
rain.

I know you probably say  
That I'm just talking crazy  
To think of life that way  
Means that I'm confused  
There's happy and there's sad  
But maybe yes just maybe  
The sadness can make the happiness more true

(Chorus:)  
When the rain falls  
It's like heaven's crying  
When the name's all  
The difference that there is  
Cause tears are  
The same when they are trying to grow something  
good  
Out of all the pain  
There's no difference between the teardrops and the  
rain.

Because I know they're both so necessary  
I don't let it bother me at all

(Chorus:)

When the rain falls  
It's like heaven's crying  
When the name's all  
The difference that there is  
Cause tears are  
The same when they are trying to grow something  
good  
Out of all the pain  
There's no difference between the teardrops and the  
rain.

Ohâ€¦oo oo
