I am no one to say
Tomorrow i'll have the chid inside me
And if you want me for a friend
Go change the world but don't forget your brother
And if you need me to be there
Just run the chain and don't forget to choke me

I am no one. make me someone
I am no one. make me someone

As i wonder
Makes me wonder
But need thy discover

Tomorrow's the day when nighttime
Engulfs your holy father oh yes
And sunday the day you beg for forgivness with no
sorrow.

I am no one make me someone
I am no one make me someone

As i wonder makes me wonder
