In the 1970's  
The OPEC nations began to dominate  
The world's oil economy  
In the 1980's, Japan became the world's  
Number one economic power

In 1989 the nations of Eastern Europe  
Attempted to restructure  
While in the United States civil rights have  
Collapsed at the hands of fundamentalists  
And national insecurity's at an all time high

Exxon and on and on and on  
The ministers of double speak  
New meanin' of clean they tried to teach us  
They staged the phoney shampoo of the Valdez  
greases  
Completely jheri curled the beaches

Pipe bomb for the NAACP  
And a hit on Salman Rushdie, the Berlin Wall comes  
down  
And the U.S. cracks down on illegal aliens  
Ban the freedom of choice for those wantin' abortion  
And enforce capitol punishment

Twenty four hour radio ban  
For indecency determined by the F.U.C.C.  
Why are we so anesthetized to the lies?  
Because we do it in our own lives  
We believe all the things that we want to hear  
But then we also love to criticize

In 1992 the European economic community will reform  
In 1997 the city of Hong Kong will become  
A part of the People's Republic of China  
In 1999, and this is no coincidence  
The nation of Panama will control it's own canal

While in the United States  
Civil rights have collapsed at the hands of  
Fundamentalists  
And national insecurity's at an all time high

Helms said ban the photograph of the piss Christ  
It's sacreligious not an art  
While we all try to discern between our cup of tea  
And what we call obscenity, the house's legislation  
Ripped the phoney foundation off what we thought  
inherent

Sent Joey to the Supreme Court  
'Cause he made a statement, they called it  
Desecration of the symbol that was meant to represent  
The freedom of so called choice and dissent  
They almost had me believin' it, they were bleedin' him

He said, "Burn baby, burn"  
'Til the street Samurai said to my face  
That any flag that's worth a shit  
Was woven from fire in the first place
