Intro:

Umm . . . Umm . . . Umm . . . Umm . . .

Anjuli Stars . . . Pitbull . . .

This is dedicated to anybody that's lost somebody  
important in their life

Don't worry they in a better place now

Verse 1 (Anjuli)

I fear not what the future holds

But more what the future unfolds

Cause I'm dying each time that I breath in life with out  
you

Every hour is solemn I need you

I'm devoured, I've fallen now what can I do

There is so much to give

If only I had my hands to fix what you did

So I hold it inside,

Watch as it dies,

I can't even look at the sky,

It's burning my eyes,

Similar to cigarette smoke,

I wish I could float far away from here.

Chorus

Raindrops, I hope one day that this pain stops no, no

Raindrops, I hope one day that this pain stops

Washing me away 4x

Pitbull

Still dealing' with the death of my father

Still dealing with the death of my best friend

Eddie I'm a miss you dog

But you know I'm a ride to the end, I love you

I ain't cry when you died, but i'm a let my tears fall on  
the track

My brother Uly just came home and it feels good to  
have him back, welcome home dog

See everything happens for a reason, you don't know  
what you have till it's gone

That's why I'm a take advantage of the fact I'm  
breathing  
And the words of this song are dedicated to Eddie and  
Barilla  
But I know in the future I'm a see ya  
I know you both looking down on me proudly, I know  
ya'll both love me

Chorus

Raindrops, I hope one day that this pain stops no, no  
Raindrops, I hope one day that this pain stops  
Washing me away 4x

Pitbull

See in Life things go wrong, if it don't kill it's only  
gonna make you strong  
So you must hold on, If everything was right then there  
is something wrong  
Irony ain't it, that's just the way life is  
That's why I thank God any chance that I get for  
blessing me with beautiful kids  
What's victory with no loss, what's smiling with no tears  
What's love with no hate, what's courage with no fear  
Just think about it and apply it to your life and no matter  
what the problem is  
Don't worry baby, keep your head up it's gonna be  
alright

Chorus

Raindrops, I hope one day that this pain stops no, no  
Raindrops, I hope one day that this pain stops  
Washing me away 4x
